Joint statement by Labour and Business on Outcomes of the Meeting with Government

The MEIBC welcomes discussions and negotiations between Government on one side and Labour and Business who are both members of our Bargaining Council on the other.

These discussions have resulted in a joint statement being issued by both Labour and Business detailing the outcome of their engagement with Government. The MEIBC does not only welcome this it also commit itself to the outcome of these negotiations and we are prepared to assist wherever our assistance will be required.

Through the Office of the General Secretary we will be writing a letter to all parties concerned to congratulate them. The letter will also advise the parties that we remain a platform where further discussions on these matters can be processed and decisions taken by the parties be monitored and enforced where necessary.
